Cambridge A Level Biology (9700) – Paper 2 Tough Questions

MAY-2023- Theory Paper 2-All variants

Cambridge A Level Biology (9700) – Paper 2 Tough Questions

Paper 9700/21 – AS Structured (Variant 21)

- Q2(b), Q2(c) – Structure–function (glycogen & cellulose)
- Q3(b)(i) – Graph description terminology
- Q4(c) – Centromere vs kinetochore
- Q6(c) – Water movement terminology

Paper 9700/22 – AS Structured (Variant 22)

- Q1(b), Q1(c) – Cardiac cycle explanations
- Q2(b) – Cohesion vs adhesion
- Q2(d)(iii) – Polysaccharide definition
- Q5(b)(iii) – Extended DNA replication response

Paper 9700/23 – AS Structured (Variant 23)

- Q1(a)(ii) – Anaphase description
- Q1(a)(iii) – DNA ligase role
- Q3(a)(ii) – Magnification calculations
- Q4(b)(ii) – Antibody production focus
- Q6(b) – Translation vs post-translational modification
